## Things to consider

### Rewarding

Creating original work and seeing your ideas being used in a practical or decorative way is satisfying.

### Flexible hours

Working as a freelance designer can result in greater flexibility.

### Stressful deadlines/target-driven

Meeting deadlines and budgets can be stressful.

### Little progression opportunity

There is not a clearly recognised path of development through this profession.

### Make a difference

You will be able to help people create spaces that work well for them.
