Useful skills and qualities:

Creative

Practical

Things to consider

Creative Freedom

This is a very creative profession, as you will have the opportunity to produce and develop a wide range of baked goods.

Can run your own business

With experience, you could open your own bakery business.

Mentally or physically challenging

The work is physically demanding and tiring, and the pay is relatively low.

Long hours/overtime

It is common to work 12-hour days, especially in the period leading up to the wedding.
